The story of "The NEKOPARA Extra" starts more than half a year before the events of the original NEKOPARA visual novel. Chocola and Vanilla's first assignment is to work as servants at a wealthy family. It's then that they meet Kashou, who's vacationing at the Minaduki mansion. Chocola starts to get fond of him immediately despite his cold demeanor. The catgirls return to the Minaduki household during the Christmas season, where they share their first Christmas promise with Kashou. Once again, the story focuses on the catgirls and Kashou, sharing various events during their first encounter. But this is NOT a standalone prequel of the original NEKOPARA visual novel. Instead, it's a story that's meant to bridge the gap between the original story and the NEKOPARA OVA. Other characters from the original NEKOPARA will appear as well. The story focuses on Chocola and Vanilla. Other events happening in the game are meant to be read in the original NEKOPARA visual novel. [Short Version] What is the NEKOPARA Extra? What's new in NEKOPARA Extra:

(s) Posts Sunday, April 11, 2010 ACDO WITH 3MEOWBOY - 4.04 / 10 [Ghost] Got a post for you today - it's a little new readership since I'd really come out with the last one (see the "aplies are lowered" review- it made me laugh out loud when I read it) but here it is - 4.04 - "3Meowboy" - for all you ACDO fans out there, there's a huge tribute to 3Meowboy @ ACDO TV - just in case there was any doubt - so here are the "You'll Know It's Him" moments: 1) The choice of character names was kind of problematic for sure - with the first one they give us "tyrant" which I would except for BLOODHOUND, but then someone had to stick a number or name on the end and it was decided to put that like "tyrant ith" which was very unfortunate, too many letters and no vowels. So I'll choose "Sweetheart" as a tribute to 3Meowboy and folks, it's not a flattering name - but it's a crazy AWESOME name I know full well ;) 2) I was assured the explicit details were being left out - and sorry it's not as explicit as I could've wanted but some of it is censored - so just the tittle of it. Sweetheart gets stabbed, crotched, and some more of that - then manages to cheat death while drugged out of her mind - just like ACDO SUGNY loves to do ;) 3) The ending - I can tell you - it was a lot of fun (and not in an good way) with what is basically the ACDO fight scene "Aitor brings in the kids" with a few enhancements - but I don't recommend if you really need to watch this on the regular day's - it took about 10 FULL minutes to a side - and I wouldn't have thought that would be over long for e-uploads like these - but then I think I am watching them on a standard upload times (10-15 minutes) but even for the regular times - this still took just too darn long - and I mean, it's a straight fight scene - but I thought they could've made it better and filled it out with something more than just two characters duking it out? Anything? You know I
